Resolution It was moved by Councilor Denny, re By-Law 33 seconded by Councilor Bergeron that "whereas doubts have arisen as to the true construction of By-Law No. 33, extending the franchise of the Cornwall Street Railway, and as to whether it was the intention of the Council

to provide in the said By-Law for a Twenty-four hour service, instead of service up to Ten o'clock, as provided in the original By-Law.

Be it resolved that it was never the intention of the Council that the Cornwall Street Railway Light & Power Co. may be required under the said By-Law, as provisionally adopted, to give a Twenty-four hour service in the Town of Cornwall, but that it was only the intention that the Company should give the service provided for, in the said By-Law, up to the hour of Ten o'clock in the afternoon, and that there was no intention to compel the said Company to run cars after the hour of Eleven o'clock in the afternoon, and before the hour of six o'clock in the morning.

This resolution was adopted.

Resolution  
Re Guards  
& Rifles.

It was moved by Councillor Denny, seconded by Councillor Kemell, that this Council have learned with alarm that an unusually large number of men, many of whom are foreigners, are applying for Hunting Licenses, and are now entering the Adirondack Mountains, at what is known as the North Woods, situated in the State of New York and from twenty-five to thirty miles from the St. Lawrence River, immediately South of Cornwall, and easily accessible to the boundary, by either rail, (O. & N. Y.), or motor.

A large portion of the section mentioned is sparsely settled and could easily conceal a large number of men, who could, without great difficulty, make a night raid on the Gateway and Town.

In view of this, we consider that the small number of troops, now on patrol duty on the Canal, are totally inadequate. We would, therefore, respectfully suggest that both the 59th and 157th Regiments be called out to their full strength, and that at least two or three companies should be stationed in Cornwall, as a Reserve Force, in addition to the regular

canal patrol, and that the rifles held by the 159th High School Cadets, and now called in, be allowed to remain here, and that a copy of this Resolution be wired to the Honourable the Minister of Militia, Ottawa.

Carried.

Re Special Constables for night duty - On motion of the Deputy Reeve, seconded by Councillor D. Monro, the Superintendent was instructed to put on temporarily, as Special Constables for night duty, one at the Pump House and one at the Town Hall, to act in conjunction with the policeman on night duty.

The Clerk reported that the Mayor had filed his Declaration of Office and Qualification.

The Clerk filed his Declaration of Office

Re Mayor's  
speech.

The Mayor addressed the Council, particularly urging the necessity of economy. He pointed out that in the year 1905 we were faced by a depression and it was the first duty of Council to control expenditures, over which we have jurisdiction, so as to be able to show a substantial deduction in the tax rate. He suggested that the Chairman of the Finance Committee, at the earliest possible date, should endeavor to have the Committee lay down a definite policy, as to the expenditure to be made during the year. He hoped that the relations of the members of Council would be the happiest and that they would all be imbued with the idea that their first duty was service to the Lown.

Geo. A. Stiles  
Mayor.

Lower Hall,  
Cornwall, March 31, 1915.

A joint meeting of the Council and the Board of Trade of the Town of Cornwall was held this evening at 8 o'clock, when there were present, the Mayor, G. A. Stiles, the Deputy Reeve, M. Hermiton and Councillors Bergeron, Lalonde, Mowat, Agnew, Miller, Pollock, Denny and Dr. Munro, and the following members of the Board of Trade, C. H. Eline, President, A. E. Currie, Vice-Pres., Dr. McGuire, C. A. Beach, Thos. McGill, Dr. W. B. Cavanagh, L. W. Jacobs, J. E. Snetsinger, E. K. Phillips, C. W. Young and C. C. Smith.

Re highway  
from Ottawa

to Morrisburg of the meeting was to consider the relative merits of the highway from the City of Ottawa to the St. Lawrence River and it was moved by Councillor A. Denny, and C. H. Eline, Pres. of the Board of Trade, seconded by Councillor Miller and A. E. Currie, Vice-President of the Board of Trade and unanimously carried; That whereas there is in contemplation the construction of an interurban highway from the City of Ottawa to the St. Lawrence River.

And Whereas the distance from Ottawa to Morrisburg is about twenty-two miles less than the distance from Ottawa to Prescott;

And Whereas the additional cost of the road from Ottawa to Prescott would go a long way toward building a highway from Morrisburg to Prescott, as part of a trunk line from Toronto to Montreal;

This joint meeting of the Municipal Council and the Board of Trade of the

Town of Cornwall is strongly of the opinion that it is in the interests of the Province of Ontario and especially of Eastern Ontario, that the proposed highway should be built from the City of Ottawa to the Village of Morrisburg, rather than from the City of Ottawa to the Town of Prescott. And further, that such a road, passing through the County of Dundas so long represented by him in the Legislative Assembly of Ontario, would be a most suitable memorial to the late Sir James Whitney, who was for a number of years a resident of this Town and whose career, especially as Premier of Ontario, was a source of great pride and satisfaction to the people of the Town of Cornwall.

Re Death of  
Private Murdoch  
Munroe

It was moved by Councillor Pollock and unanimously resolved, "that the Council of the Town of Cornwall, at its first meeting since the death of Private Murdoch Munroe of the Princess Patricia's Canadian Light Infantry, killed in action in Northern France, desires to place on record the appreciation of the citizens of the Town of Cornwall of his courage and devotion to duty in giving his life for his country; to express publicly the regret of all classes of the community and the deep sympathy they have for his Mother, Mrs. Susan Munroe, and the other members of her family in their great affliction; and that the Clerk be instructed to forward a copy of this resolution to Mrs. S. Munroe, Mother of Private Munroe. *W. A. H. H.*

### Resolution

re Provincial Highway On motion of Councillor Letterby, seconded by Councillor Arnell, the Council endorsed the following resolution of the Council of Napanee;

Whereas there are many Towns and villages in the Province of Ontario that are contiguous to, or through which the Provincial Highways are proposed to be constructed or whose streets are part of main Provincial arteries for traffic, and

Whereas under the proposed arrangement for through Provincial Highways, as we are lead to believe, no provision is being made for the construction of these highways as they pass through Towns and Villages, and

Whereas many of said Towns and Villages have within their corporate limits under the original charter of incorporation very large areas which are not built on and which probably never will be built on and which are and will continue to be farmland only and which therefore have very considerable mileage within their corporate limits, which are rural roads and not urban roads, and

Whereas if the Towns and Villages aforesaid are to construct what would become a part of the Provincial Highway system at their own expense, it would entail a very great hardship and be an injustice to said Towns and villages.

Now, therefore, be it resolved that the

Government of Ontario be requested when giving consideration to the construction of said highways and the apportioning of the cost thereof and of the cost of maintenance thereof, that special consideration be given to the question of making a just and equitable arrangement in respect to the cost of construction and maintenance of the said Provincial Highways, when they are in the corporate limits of Towns and Villages;

That copies of this resolution be forwarded to the Minister of Public Works, the Secretary of the Good Roads Association for Ontario, and the members of the Local Legislature for the County.

Re Late James

Resolution

in Good Hope

Moved by G. A. Stiles, Reeve, seconded by Councillor W. Smith; -  
That Whereas it is understood that the Government of the Province of Ontario has in contemplation the building of a Provincial Highway from Windsor to the Boundary line between the Provinces of Ontario and Quebec;

And Whereas there is only one route suggested for the Eastern section;

And Whereas that part of it from the Boundary line to Prescott is one of the most important sections and is for the most in a very bad state of repair at the present time;

And Whereas the contemplated taking over of the said Highway has had, and will continue to have a tendency to prevent the local Municipality from making much needed repairs on the said Highway.

Therefore be it resolved that this Council urge upon the Government the necessity of its taking over the said section of the said Highway at the earliest possible moment and of making such repairs thereon as will make it safe and convenient for the travelling public.

On motion of Councillor Hunteau, seconded by Councillor Pollock, it was resolved that William St. be satisfactorily repaired.

On motion of the Reeve, seconded by Councillor Lally, Council adjourned.

Lown Hall,  
Cornwall, Jan. 2, 1918.

A special meeting of the Lown Council was held this evening at 8 o'clock for general business, when there were present, the Mayor, J. E. Cheverie, the Reeve, Geo. A. Stiles the Deputy Reeve <sup>Geo. A. Stiles</sup>, and Councillors Fetterly, Kilgour, Ballock, and Smith.

Re C. P. R.  
service.

The Mayor explained that the object of the meeting was to deal with the question of change of trains on the C. P. R., it apparently having been decided to have only one train a day, that to leave Cornwall at 8.30 a.m. and return at 2.30 p.m.

On motion of the Reeve, seconded by Councillor Kilgour, this Council is to represent most strongly to the Canadian Pacific Railway Co. that the proposed change in train schedule on the line running into Cornwall, by reducing the present double daily schedule to a single daily schedule is very detrimental to the interests of this Lown and the business and travelling public generally, as well as to the company itself and this Council therefore strongly urge the Company to maintain the present arrangement.

On motion of Councillor Smith, seconded by the Reeve, the Mayor was authorized, if he sees fit, to go to Montreal with the representative of the Board of Trade to interview Mr. Purvis, in reference to the change of

train service on the C. P. R.

Resolution  
re Highway  
Improvement  
Act.

On motion of ~~Deputy Mayor~~ Dr. Munro, seconded by Councillor Pollock, the following Resolution was adopted.

That whereas the United Counties of Stormont, Dundas and Glengary appropriated over \$46,000<sup>00</sup> to be expended on its system of County Highways under the Highway Improvement Act;

And whereas the Municipality of the Town of Cornwall pay approximately \$6000<sup>00</sup> of this amount and no part of the said \$46,000<sup>00</sup> is, or will be, expended in, or near, the Town of Cornwall, and the Town will receive no direct benefit from such expenditure;

And whereas County Councils are apparently prohibited from making grants to towns or villages, having a population of more than 10,000, for improving such highways in such towns or villages as are extensions of, or form connections between, different portions of county roads, except on condition that such grants be expended solely upon roads and where which lie opposite to lands on one side or

the other thereof used for agricultural purposes;

And Whereas this condition is most inequitable and unsatisfactory and raises difficulties and obstacles in the way of planning and bringing into operation a system of county roads.

Be it resolved that this Council memorialize the Legislative Assembly of Ontario to so amend the Highways Improvement Act as to permit County Councils to grant aid to all towns or villages in which are roads or streets forming extensions of, or connections between, different portions of county roads for the purpose of assisting such towns or villages in making and maintaining such extensions, or connections.

That such amendment should also be so enacted as to permit and authorize aid being granted to all towns and villages in which are roads and streets forming extensions of, or connections between, different portions of Provincial Highways."

Resolution  
Condolence  
re Mrs. Stoe.

On motion of Councillor Amell, seconded by Councillor Nowat, the following Resolution of condolence was adopted:

"The Victorian Order of Nurses is numbered amongst the first of the efficient agencies for practical good, which we have in this Town. In partial recognition of the beneficial services rendered by this Order, this Council has for some years past asked the Order to accept a small annual

donation from it to assist in its field of action.

Accordingly, it is with much regret that this Council learns of the untimely and sudden death of Miss Bessie Storr, Superintending Nurse of that Order in Cornwall, which occurred on the sixth day of the present month. She was Superintending nurse for over three years.

This lady was highly skilled, and was earnestly devoted to her profession of relieving pain and suffering, her every effort was given to the sick, and her services were always at the disposal of those in need of them to the last of her physical strength. She never regarded her own convenience or comfort, but cheerfully and willingly, and in a spirit of charitable sacrifice, gave her all towards the relief of her fellow human creatures.

Be it therefore resolved that a record of this resolution be inscribed upon the minutes of this Council, and that a copy of the same be sent to The Victorian Order of Nurses of Cornwall, to the deceased lady's sisters in London, England, and to her only surviving brother in Bridgeport, Conn.

Re Garden

Re basement  
work shop.

On motion of Councillor Dr. Munro, seconded by Councillor Hallinger, the superintendent was instructed to report as to the cost of constructing a work shop in the basement of the Town Hall.

re Longue Sault  
Rapids.

Councillor Chisholm spoke at some length in reference to the damming of the Longue Sault Rapids and suggesting that it should be under national auspices.

On motion of Councillor Chisholm, seconded by Councillor Amell, the following resolution was adopted:

"That this Council is of opinion that the time has now arrived, or is rapidly approaching when the Long Sault Rapids should be developed by an International Commission representing the United States and Canadian Governments.

It has been estimated that over 600,000 horse power is available. This power could be used for the electrification of railroads and numberless other purposes. Millions of tons of coal and crude oil would be saved; cheaper power would be obtainable.

The danger of this great imperishable national asset, which is of ever increasing value passing into the hands, or the control of private individuals, or private corporations, would be removed, and this invaluable possession would be employed for the benefit of the people of both countries who are directly concerned in its use.

Resolved further that a copy of this resolution be sent to the Premier of Canada, to the Hydro-Electric Commission of Ontario, and to the Commission of Conservation of Canada.

re street  
Lighting

In motion of Councillor Bugeron, seconded by Councillor Atkinson, the Clerk was instructed to write to the proper Department at Ottawa to have an Inspector visit Cornwall, to test the lighting systems.

In motion of Councillor Pollock, seconded by Councillor Desroche, it was resolved that;

Whereas the Legislature of the Province of Ontario, by the Statute known as the Highway Improvement Act, Chapter 40, R.S.O., 1914, and amending Acts, enables Counties in the Province of Ontario to adopt systems known as County Highways, whereby certain designated roads would be removed from the jurisdiction of local municipalities and taken over by the County Municipality;

And whereas the United Counties of Stormont, Dundas and Glengarry, whereof the Town of Cornwall is a part has, by two separate By-laws, taken action under the said Statute and adopted and designated practically four hundred and thirty-seven miles of roads in the said Counties as County Highways, making up a County System;

And whereas, under the provisions of the said Statute, no Town Municipality may benefit by the construction within its boundaries of any roads under the said

system, unless such roads are continuations of roads under the County System which lie opposite lands used exclusively for Agricultural purposes in the said Town, a condition which does not exist in the Town of Cornwall;

And whereas, under the said statute and the said By-laws, the Town of Cornwall is required to contribute to the upkeep, construction and maintenance of the said four hundred and thirty-eight miles of County Roads, dollar for dollar, with the municipalities in which the same are situated;

And whereas the said Town of Cornwall, while the County Town of the said United Counties, is situated on the River St. Lawrence, and, therefore, set off completely on the south from any territory which might be considered subsidiary to it;

And whereas only two roads of the said County System, so designated, run into the said Town of Cornwall, namely; the road commonly known as the Front, or Mont ~~St~~ Road and the road leading immediately north from the Town of Cornwall, known as the St. Andrews Road;

And whereas the Government of the Province of Ontario have several times intimated an intention to take over, construct and maintain the said Front St. Montreal Road, as a Provincial Highway, and the execution of such intention on the part of the said Government would leave only one road of the Counties Highway system running into the said Town of Cornwall.

And whereas the population of the said Town of Cornwall is between six thousand and seven thousand people, and the Highway Department of the Province of Ontario have laid it down that in ordinary cases a town should only be expected to contribute towards the upkeep, construction and maintenance of said County roads on a proportionate basis which would render the Town of Cornwall liable for about one hundred and fifty miles of the said County Roads system; Although the situation of the Town of Cornwall is not an ordinary case, on account of its being cut off from the south and on account of a proposed adoption by the Provincial Government of the Front or Montreal Road, as a Provincial Highway;

And whereas there are, in the said United Counties centres of population such as Alexandria, Lancaster, Massville, Finch, Morrisburg, Gropin, Winchester and Chertowille, all of which are incorporated villages except Alexandria, which is an incorporated Town, and all of which are served by the said Counties system much more effectively than the Town of Cornwall;

And whereas, in the year 1917 the Town of Cornwall contributed approximately the sum of six thousand dollars and in the year 1918 the sum approximately of eight thousand dollars under protest, by levy, to the Counties Corporation, aforesaid, for the purposes of the said County Roads system and received from the said sums of money absolutely no benefit whatever, the said

point at which any work was done on said County Road system, being about four miles distant from the Town of Cornwall and consisting of a strip of light macadam on the said Mount, on Montrose Road, about three miles in length and of very questionable value;

and whereas, in view of the said considerations hereinbefore set out the Provisions of the Highway Improvement Act are obviously ~~set~~ unjust as regards the said Town of Cornwall, and the position in which the said Town of Cornwall finds itself is one to be remedied at the hand of the Legislature;

Be it therefore resolved that the Corporation of the Town of Cornwall petition the Legislative Assembly, pointing out the considerations hereinbefore set forth and praying that such amendments be made to the Highway Improvement Act as to remedy the injustice existing thereunder; and further that representations be made to the Committee Council of the United Counties of Stormont, Dundas and Queens which will lead to some value being accorded to the said Town of Cornwall, for the years 1917 and 1918.

On motion of Councillor Gillis,  
seconded by Councillor Ballinger,  
Council adjourned

Mayor.

Lower Hall,  
Cornwall, Feb. 3, 1919.

A special meeting of the Town Council was held this evening at 7.30, for general business when there were present The Mayor, A. L. Little, The Reeve, E. V. Stiles, the Deputy Reeve W. A. Spence and Councillors Sirochie, Mowat, Atkinson, Cameron, Pollock, Corbett, Ballinger and Gillie.

Re representation  
to Ottawa  
re Highways

The Mayor explained that the meeting had been called principally to consider the advisability of the members of Council attending at Ottawa to-morrow, when a deputation from the Counties Council was to meet the Hon. F. B. McRiarmid, Minister of Public Works and Highways, to urge the taking over by the Province of Ontario of the St. Lawrence River Road and more particularly that part from Prescott to the Province line. After some discussion it was arranged that as many members of Council as could get away would accompany the delegation.

The Reeve then suggested that steps should be taken to bring before the Provincial authorities the extreme position in which the Town finds itself in being heavily taxed for the County Roads System, while no portion of the work is done in the Town and the greater part of the work is so far away as to be of no benefit to the Town; and to urge upon the Government an amendment to the Highways Act which would give the Town some relief.

Re representation  
to Toronto.

On motion of the Deputy Reeve, seconded by Councillor Ballinger it was decided that a delegation consisting of the Mayor and the Reeve go to Toronto to interview the members

of the Government, with a view to having the Highways Act so amended as to give the Town relief and that a large road be covered by the Town Engineer; so that the matter may be properly presented by the deputation.

On motion of Councillor Gilhe, seconded by Councillor Mowat, Council adjourns.

A special meeting of the Farm Council was held this evening for general business when there were present the Mayor Al Feltner and Councilors Dexters B. Gaud, Fayeth, Hallen Kilgus, Barose, Daye, Sallings and Welhamus.

Loan  
to the Company  
The Clerk explained that Mortgage from the Canadian Lumber and Outfitters Limited had been properly collected; that there were no incumbrances against the property, that the Company had expended upwards of \$35000 in land and buildings and \$26,533.80 in machinery and its installation and that the Company still owed \$10,000 in principal less payable Sept. 1st 1921. The sale of machinery seemed to be completed and there was nothing to suggest that vendors retained a lien. The vendors might however be in a position to file a lien under the Mechanics and wage earners Lien Act. The men were still holding \$10,000 of the loan and could hold that until machinery was all paid for.

On motion of Kilgus see by Coram Hallen, it was resolved that after hearing explanation of the Clerk \$25000 be paid to the Company in full of loan.

H. dissenting.

On motion of Mr. H. H. H. by Council the following was adopted unanimously.

Be it resolved-

The Town Council of the Town of Cornwall, the County seat of the United Counties of Stormont, Dundas and Glengarry, re-

gards with much gratification and heartily endorses the movement to improve navigation and develop power of the St. Lawrence River as proposed by Canadian Deep Waterways and Power Association.

The St. Lawrence River for 113 miles is the International boundary between Canada and the United States; each country has an equal interest in this International water highway which is the outlet of a great chain of lakes and rivers reaching to the heart of the continent, and the proposed undertaking would strengthen and cement the friendship and concord existing between Canada and the United States. They would be joint owners of and would control the tremendous and invaluable water powers which would be created and thus ensure for all time the public, as distinguished from the private, ownership of these great national utilities and assets.

We concur in and adopt the statement of the Montreal Board of Trade that this development "is not only advisable but inevitable."

We confidently assert it would be of immeasurable value to Canada and particularly to Ontario, and we feel that no effort should be spared in urging the importance of the project and its early accomplishment upon our Dominion and Provincial Governments.

It can be readily demonstrated that the value to the people of both countries of the energy which would be developed is of itself sufficient to justify the prosecution of the work; this, apart from the incalculable benefit to the people of the additional and necessary means of transportation which would be created.

We express our sense that, especially at the present time when this vast question is being considered by the International Joint Commission, that our Province should be officially represented before that Commission, and that our Legislative Assembly should grant substantial financial aid to the furtherance of this great International movement.

BE IT FURTHER RESOLVED that our Mayor be appointed a delegate to attend meetings of Canadian Deep Waterways and Power Association.

BE IT FURTHER RESOLVED that copies of this resolution be forwarded to the Premier of Ontario and to the Local representatives of our three United Counties in our Legislative Assembly.
